

2013

Strack, K.M., and A.A. Aziz, 2012, [Full Field Array ElectroMagnetics for hydrocarbon reservoir exploration and monitoring](#), Geohorizons, Special Issue on Shale Gas, 18, 32-43.

2010

Strack, K.-M., 2010, [Advances in Electromagnetics for Reservoir Monitoring](#): 8th International Conference & Exposition, Hyderabad.

Strack, K.-M., 2010, [Vozoff's influence on LOTEM hydrocarbon applications](#): 21st ASEG Conference and Exhibition, Expanded abstract volume.

Strack, K.-M., H. Tulinius, K. Vozoff, and G. Yu., 2010, [Case histories of using magnetotellurics for geothermal exploration](#): 21st ASEG Conference and Exhibition, Sydney.

Yu, G., A. Gunnarsson, Z. He, and H. Tulinius, 2010,

[Characterizing a geothermal reservoir using broadband 2-D MT survey in Theystareykir, Iceland](#): Proceedings World Geothermal Congress 2010, Bali, Indonesia.

Yu, G., Strack, K.M., H. Tulinius, I.M. Porbergsottir, L. Adam, Z.Z. Hu, and Z.X. He. 2010,

[Integrated MT/Gravity geothermal exploration in Hungary: A success story](#): 21st ASEG Conference and Exhibition, Sydney.

2009

Yu, G., Z.H. He, Z.Z. Hu, I.M. Porbergsdottir, K.-M Strack, K.-M., and H. Tulinius, 2009,

[Geothermal exploration using MT and gravity techniques at Szentlorinc area in Hungary](#): SEG Int-I Exposition and Annual Meeting, Houston.

2008

Hu, W., L. Yan, Z. Su, R. Zheng, and K.-M Strack, 2008, [Array TEM Sounding and Application for reservoir monitoring](#): SEG Las Vegas Annual Meeting, Extended Abstracts, 634-638.

Tulinius, H., L. Ádám, H. Haldorsdottir, G. Yu, K.-M. Strack, N. Allegar, L. He, and Z. He, 2008,

[Exploring for geothermal reservoirs using broadband 2-D MT and gravity in Hungary](#): SEG Las Vegas Annual Meeting, Extended Abstracts, 1147-1151.

Case Histories continued

2008 Continued

Yu, G., A. Laszlo, N. Allegar, H. Halldorsdottir, H. Lanfang, Z. He, C. Zuzhi, C. Lacasse, I. Pobergsdottir, K. Strack, H. Tulinius, and X. Xie, 2008, [Exploring for geothermal reservoirs using broadband 2-D MT and gravity survey in Hungary](#): 19th Workshop on Electromagnetic Induction in the Earth, Beijing, China, 396-401.

2007

Gunnarsson, A., H. Tulinius, G. Yu, K.-M. Strack, L.F. He, and Z.X. He, 2007, [Mapping geothermal reservoir using wide frequency range 2D MT survey in Theistareykir, Iceland](#). Proc. 8th China International Geo-Electromagnetic Workshop, Jingzhou, China, 340-348.

2006

Guo, W. K., Y.M. Pang, M. Rauch-Davies, and G. Yu, 2006 [Successful application of spectral decomposition technique to map deep gas reservoirs](#): Soc. Expl. Geophys., Annual Meeting, New Orleans.

Guo, W. K., Y.M. Pang, G. Yu, B. Bryans, and B. Marion, 2006, [Large well spacing crosswell seismic image for deep gas reservoir mapping and description](#): Soc. Expl. Geophys., Annual Meeting, New Orleans.

2003

Krieger, M.H., A. Zerilli, and Ch. Henke, 2003, Seeing subsalt: A step forward in integrated depth imaging, SEG Gravity & magnetics workshop invited paper.

2002

Buehneemann, J., Ch. Henke, Ch., M. Krieger, Ch. Mueller, K.-M. Strack, and A. Zerilli, 2002, [Bringing complex structure into focus - A novel integrated approach](#): Soc. Expl. Geophys., Expanded Abstracts.

Zerilli, A, J. Buehneemann, Ch. Henke, M. Krieger, Ch. Mueller, and K.-M Strack, 2002, [Bringing complex structure into focus-A novel intergrated approach](#), SEG invited talk recent Advances and Road Ahead session (invited presentation).
